There is no introduction for this blog post. #Conclusion It is possible to introduce an informative blog post without writing an introduction. The introduction does not have to be the first paragraph in your blog post. Your website will automatically generate one when the post is published. If you want to make changes to the introduction, delete it and re-write it in WordPress or use a different text editor before uploading the changes back onto WordPress. Remember that if you are writing an introductory paragraph, do not begin with "Hello" or "Dear Reader". Start with your topic sentence instead. This blog post did not use an introduction because the author feels that they are not necessary.
